The Pulver & Logan Coal Mine is not listed as a new mine in 1917, and it may have been in operation prior to that time. The mine submitted no report in 1919, and no further listings were noted for this coal mine. It is not known if the mine ceased operations in about 1919, or if it ceased reporting in that year. Dunn County Historical Society (1981) indicates that this mine sold coal to farmers and delivered coal to Werner and country schoolhouses by team and wagon or sled.
