Basic Data (excerpted from primary sources):

This mine is listed as a new mine in the 1939 CMID. The mine was operated and reported continuously from 1940 through 1946. The 1941 CMID lists two sets of production statistics for this mine; apparently the mine was operated by R. Schuaer part of 1941 and by S. Sokoloski for the remainder of the year--the mine is listed only once in the Summary of Inspection. No listings were noted for this mine following 1946; it is not known if the mine ceased to be operated following that year, if the mine was operated but not reported, or if the mine was operated and reported under some other name following 1946.
