Basic Data (excerpted from primary sources):

This mine is listed as a new underground mine in 1923, "stripping being done prior to this year." The mine is listed as the Utter Coal Mine (under Grant County in CMID reports) from 1923 until 1937, when the Kallis Coal Mine is listed as "formerly the Utter Coal Mine." The mine is listed as the Kallis Coal Mine from 1937 until 1940, when production statistics are listed under Kallis Coal Mine but Summary of Inspection lists the Koenig Coal Mine "formerly the Kallis Mine." The mine is listed as the Koenig Coal Mine until 1942, when the Kallis Coal Mine is listed as having "new operators," and the Koenig Coal Mine is listed as "not operating." A Kallis

Mine is listed from 1944 through 1946; no further listings were noted for any of the above mine names following 1946. It is not known if the mine (or mines) ceased operating or if it (or they) ceased reporting following 1946. (See Notes, page 3 of 4, this set.)

Notes: (The following notes include information pertaining to the  
Kallis Coal Mine--page 1 of 4; the Utter Coal Mine--page 1 of 4;  
and the Utter/Kallis/Koenig/Kallis Coal Mine--page 2 of 4)

The Kallis Coal Mine reported in the 1918 SEBR was located in T134N, R91W, Section 24, SE, SE (the location identified by this Planning Unit and AML location). The Utter Coal Mine reported in the 1918 SEBR was located in T134N, R91W, Section 25, E1/2 (directly south of this Planning Unit and AML location). The one location found in association with the Utter/Kallis/Koenig/Kallis mine listed in CMID reports (a 1938 WCB map) indicates that the Kallis Coal Mine is located in T134N, R91W, Section 24, SE, SE (this Planning Unit and AML Location). However, the 1937 CMID indicates that the Kallis Coal Mine listed from 1937 through 1940 was "formerly the Utter Coal Mine." As mentioned above, the only legal location noted for the Utter Coal Mine is not identified by this Planning Unit and AML location, the 1918 SEBR legal locations for the Kallis Coal Mine and the Utter Coal Mine are not the same location, and no information indicating that the Utter Coal Mine (reported in the CMID from 1923 through 1936) was formerly the Kallis Coal Mine (listed in the 1918 SEBR, and located definitely at this Planning Unit and AML location). Additionally, it should be noted that while both the Kallis and Utter mines are listed under Hettinger County in the 1918 SEBR, the Utter mine is listed under Grant County in the 1923 through 1934 CMID reports, and the Utter/Kallis/Koenig/Kallis mine is listed under Hettinger County from 1935 through 1946. It is possible that the Utter Coal Mine listed from 1923 through 1934 and the Utter/Kallis/Koenig/Kallis mine listed from 1935 through 1946 are not the same mine; however, no information was noted to indicate that mines reported from 1923 through 1946 are not the same mine.

Planning Unit 029: AML Printout # 57 continued

It should be noted that the 1942 CMID lists a Kallis Coal Mine and a Koenig Coal Mine, and CMID reports from 1943 through 1946 list a Kallis Mine. No information is provided as to whether the Kallis Coal mine listed in 1942 was formerly the Koenig Coal Mine, nor are the Kallis Mine listings from 1943 through 1946 definitely related to the Kallis Coal Mine or the Koenig Coal Mine listed in 1942.

Although no listings were noted for a Kallis Coal Mine in 1925, Leonard et al. (1925) indicate that a Kallis mine was operating at T134N, R91W, Section 24, SE, SE. Overburden, coal seam, and area mined figures provided for the Kallis Coal Mine and the Utter/Kallis/Koenig/Kallis mine are those provided by Leonard et al. (1925) for the Kallis mine.
