Basic Data (excerpted from primary sources):

This mine is not listed as a new mine in 1914, and apparently it was in operation prior to that time as indicated in the 1916 SEBR: "The old mine, which was formerly worked by Mr. Adams, has been abandoned and a new drift driven." The 1916 SEBR also indicates that "considerable coal is shipped at the present time." No listings were noted for this mine following 1919; however, Leonard et al. (1925) refer to a Havelock Coal Mine at this location, and it is possible that the mine continued to operate following 1919, but did not report.

Descriptive information pertaining to this mine is included in:
