

**HETTINGER COUNTY**

Planning Unit 030: AML Printout #123: T133N, R91W, Section 35, SW, S1/2

Additional Legal Location: Section 35, SW (see Notes, below)

Name: (see Notes, below)

Owner:

Carry (aka Crary) Coal Mine (unknown-1927)

W.C. Crary (1923)

No data (remaining years)

Category: Commercial/local

Type: Strip (surface)

Overburden:	Coal Seam:	Thickness Mined:	Source:
12-15 ft.	6 ft.	No data	CMID:1926

Cultural Resource Site Number: Not formally recorded

Basic Data (excerpted from primary sources):

The Carry Coal Mine is listed as a new mine in 1925; however, a 1923 WCB map lists a Crary Mine (owner W.C. Crary, operator Earl Williams). It is not known if these sources refer to separate mines, or if they refer to the same mine. It should be noted that the 1925 CMID lists an Earl Williamson as superintendent of the Carry Mine. No production statistics were provided for the Carry (or Crary) Mine in 1926; however, descriptive information is provided for the Carry Coal Mine in the 1926 CMID. The Carry Coal Mine is listed as closed in 1927, and no further listings were noted for this mine. (See notes, below.)

Descriptive information pertaining to this mine is included in:

[source:year(pages)]

CMID:1926(32)

WCB Map:1923

Notes:

It should be noted that a Square Deal Coal Mine (owned by Floid A. and W.A. Crary in 1914 and 1915, and by Mrs. G.E. Crary in 1916 and 1917) was located in T133N, R91W, Section 35, SE, and it is possible that the Square Deal Coal Mine and the Carry (aka Crary) Mine may be associated.

The Carry Coal Mine is listed as a new mine in 1925, with Earl Williamson superintendent, and a 1923 WCB map lists a Crary Coal Mine, with Earl Williams operator. It is not known definitely if these mines are the same mine; however, the possibility appears to

Carry (aka Crary) Coal Mine (continued)

exist that the mines may be the same mine. Since no listings were noted for a Carry or Crary mine prior to 1925 and the WCB map lists a Crary Mine in 1923, the initial date for this mine has been listed above as unknown.

Listings were noted for a Crary Coal Mine from 1935 through 1941; however, the legal location most closely associated with this time period (Harrington 1934a) indicates that the Crary Coal Mine was located in T132N, R91W, Section 34. Therefore, data about the Crary Mine listed from 1935 through 1941 has not been included with the Carry (or Crary) mine described here.
