Notes:

It is not known definitely that the Vanderson mine listed in CMID reports and the Anderson mine referred to by Harrington (1934) are the same mine. Additionally, Harrington (1934) indicates that the Anderson Coal Mine is located in T146N, R82, Section 12; however, Harrington (1934) provides no part section. Therefore, it is not known if the Anderson (possibly aka Vanderson) mine was located at this Planning Unit and AML location (T146N, R82W, Section 12, NE, NW), or if it was situated in some other portion of Section 12.

The Isaacson (aka Iswacson, Issacson) Coal Mine also is located at this Planning Unit and AML location.
