Basic Data (excerpted from primary sources):

This mine is not listed as a new mine in 1931, and it may have been in operation prior to that time. The mine is reported continuously from 1931 through 1937 (see Notes, below), when it is listed as not operating. No listings were noted for this mine following 1937, and it is assumed that the mine ceased operations.

Descriptive information pertaining to this mine is included in:

None

Notes:

Harrington (1934a) indicates that this mine is located in T146N, R82W, Section 32; however, Harrington (1934a) does not provide a part section. Therefore, it is not known if this mine was located at this Planning Unit and AML location (T146N, R82W, Section 32, SW), or if it was situated in some other portion of Section 32.

The 1931 CMID lists an Underwood Coal Mine in the production figures table, and it lists a Malloy Coal Mine in the Summary of Inspection. The 1932 CMID lists both an Underwood Coal Mine and a Malloy Coal Mine in the production figures table, and it lists "Form. Underwood Mine. Now Malloy Mine" in the Summary of Inspection. Additionally, another Underwood Coal Mine (superintendent E.F. Jewell) is listed in the 1932 CMID. Since the Underwood Coal Mine superintended by E.F. Jewell is listed in CMIDs following the 1932 CMID, it has been assumed that the Underwood Coal Mine superintended by Alvin Jennerjohn is the Underwood Coal Mine that became the Malloy Coal Mine.
