Basic Data (excerpted from primary sources):

This mine is listed as a new mine in 1926. The mine was operated and reported continuously from 1926 through 1937, when the mine is listed as not operating. Although it is not known if the mine ceased operations following 1937 or if it was operated but not reported, it appears likely that it ceased operations.

Descriptive information pertaining to this mine is included in:

CMID: 1926 (39)

Notes:

Harrington (1934a) indicates that the Hager Coal Mine was located at T139N, R84W, Section 2; however, Harrington (1934a) does not provide a part section. It should be noted that: 1) no listings were noted for a Hager mine, rather, listings were noted for a Hoger Coal Mine; 2) the Hager Mine referred to by Harrington (1934) may or may not be the Hoger Coal Mine noted in CMID reports; 3) in either case, it is not known whether the Hager (possibly Hoger) Coal Mine was located at this Planning Unit and AML location (T139N, R84W, Section 2, NW), or if it was situated in some other portion of Section 2.
