Basic Data (excerpted from primary sources):

The Filibeck Coal Mine is listed as a new mine in 1928; this mine was operated and reported through 1934. No Filibeck Coal Mine listings were noted from 1934 until 1937, when the Filibeck Coal Mine is listed as a new mine. It is not known if the first Filibeck Coal Mine ceased to operate following 1934, or whether it was operated under some other name. The second Filibeck Coal Mine (new in 1937) produced coal in 1938 and it is listed as not operating in 1938. No Filibeck listings were noted in 1939, and in 1940 the Filibeck Coal Mine is again listed as a new mine. This third Filibeck Coal Mine produced coal in 1941 and it is listed as not operating in 1941. No Filibeck Coal Mine listings were noted following 1941.

Descriptive information pertaining to this mine is included in:

[source:year(pages)]

None

Notes:

The only source which indicates that the Filibeck Coal Mine was situated in T139N, R88W, Section 13 is Harrington (1934); therefore, the first of the three Filibeck Coal Mines definitely was situated at this Planning Unit and AML location. No references were noted in sources following 1934 to a Filibeck Coal Mine in Section 13; therefore, it is not definite that the second and third Filibeck Coal Mines discussed above and included on the production table for this mine were located at this Planning Unit and AML location.

The Richter Coal Mine also is located at this Planning Unit and AML location.
