Basic Data (excerpted from primary sources):

This mine is not listed as a new mine in 1925, and it may have been in operation prior to that time. The mine was operated and reported continuously from 1925 through 1931. The mine is listed as not operating in 1932, no listings were noted for 1933 and 1934, and the mine again is listed as not operating in 1935. It is not known if attempts were made between 1932 and 1935 to continue operating the mine, or if the mine actually was operated during this time. No listings were noted following 1935, and it appears likely that the mine ceased to operate at about that time.
