It is not known if the mine ceased operations at this time, or if the mine continued to be operated but was not reported following 1943.

Notes:

Although sources generally indicate that this mine was operated primarily in portions of T148N, R84W, Section 19 (not identified by any Planning Unit or AML location), Leonard et al. (1925) indicate that the mine was operated at T148N, R84W, Sections 18 and 19. Therefore, it appears that some portion of this mine is included in this Planning Unit and AML location.

The Rupp Strip Mine, Kunkel Coal Mine, and Garrison Coal Co. also are located at this Planning Unit and AML location.
