

MORTON COUNTY

Planning Unit 051: AML Printout #477: T137N, R81W, Section 14

Additional Legal Location: Section 14, SE

Name: Campbell Coal Mine
Owner: No data

Category: Commercial/local

Type: Underground, drift

Overburden:	Coal Seam:	Thickness Mined:	Source:
No data	3 1/2 ft.	No data	Leonard et al.:1925

Cultural Resource Site Number: Not formally recorded

Basic Data (excerpted from primary sources):

It is unclear whether or not this mine was a new mine in 1923 or 1924, since the 1924 CMID indicates only that "The Campbell Coal Mine should be added to the Fifth Annual Report [i.e., 1923]." The mine was operated and reported production in 1925 and 1926. Although the mine is not listed as closed or not operating in 1926, no listings were noted for the mine following 1926. It is not known if the mine was operated following that year and not reported, or if the mine was not operated following 1926.

Descriptive information pertaining to this mine is included in:

[source:year(pages)]

WCB Map:1924

Notes:

The Mickelson (aka Michelson) Coal Mine also is located at this Planning Unit and AML location.

Leonard et al. (1925) indicate that "the same coal bed has been opened up in a number of places on the north side of the river [Little Heart River], particularly in the south half of sec. 14, T. 137 N., R. 81 W., where the bed is at least 3 1/2 feet thick. It has been mined in the NE1/2 of sec. 14." However, Leonard et al. (1925) do not provide any mine names. Both the Campbell and Mickelson mines were situated in Section 14, SE; no other information was noted about any mine or mines that may have operated in Section 14, NE.

Campbell Coal Mine (continued)
