

OLIVER COUNTY

Planning Unit 068: AML Printout #177: T143N, R83W, Section 9, SE

Additional Legal Location: Section 9, no part section and Section 10,
no part section

Name: Owner:
No data No data
Category: No data

Type: Strip (surface) (possibly)

	Coal Seam:	Thickness	Mined:	Source:
Overburden:				
No data	5 ft.	No data		Smith:1910

Cultural Resource Site Number: Not formally recorded

Basic Data (excerpted from primary sources):

Smith (1910) indicates that "One mile northwest of this opening are two others, one in sec. 10, the other in sec. 9, both of which show 5 feet of clean, hard lignite." However, Smith (1910) does not provide a mine name, and no named mines or additional data were noted in association with this Planning Unit and AML location.

Descriptive information pertaining to this mine is included in:

[source:year(pages)]

Smith:1910(25)

Notes:

Smith (1910) indicates that "openings" were noted in Section 9 and 10. It is unclear if this reference is to areas exposed through surface (strip) mining, or if these openings were outcrops of lignite. Additionally, Smith (1910) does not provide a part section, and it is not known if this opening was located at this Planning Unit and AML location (T143N, R83W, Section 9, SE), or if it was situated in some other portion of Section 9.
