Basic Data (excerpted from primary sources):

This mine is listed as a new mine in 1935. The 1936 CMID indicates that the Bakken Coal mine was "Formerly Bakken & Mandt." The 1937 CMID indicates that the Mandt Coal Mine was "Formerly Mandt & Bakken." The 1938 CMID indicates that the operator (superintendent) of this mine was changing in 1938/1939; the mine apparently is listed as the Gaylord Mandt Mine in 1919 and 1940, and the 1940 CMID indicates that the mine was not operating." No listings were noted for this mine following 1940, and it is likely that the mine ceased operations at about that time.

Notes:

The legal location (T158N, R86W, Section 34, NE, NW) found in association with this mine (WCB 1938) was associated only with the mine and superintendent names listed in the 1938 CMID (Mandt Coal Mine, H.T. Mandt superintendent). It is an assumption that all the mine names discussed above refer to one mine at one location.

The Wooster Coal Mine and the Bakken & Danielson Coal Mine also may be located at this Planning Unit and AML location.
