Basic Data (excerpted from primary sources):

This mine is listed as a new mine in 1926. The mine was operated and reported continuously from 1926 through 1932 as the White Ash Coal Company. The 1933 CMID indicates that the Reilly Coal Mine was "Formerly White Ash Coal Mine." The mine was operated and reported continuously as the Reilly Coal Mine from 1933 through 1937, when it is listed as not operating. No listings were noted following 1937, and it is likely that the mine ceased to operate at about that time.

Descriptive information pertaining to this mine is included in:
