Basic Data (excerpted from primary sources):

This mine is listed as a new mine in 1946; the 1946 CMID also indicates that the mine "Did not operate" in 1946. No listings were noted for the mine in 1947, 1948, or 1949; the mine is listed in 1950, and it is not listed as a new mine in that year, so it appears that it is the same mine. Whether or not the mine was operated between 1946 and 1950 is not known. No listings were noted from 1951 through 1956, and the mine is listed as a "reopened mine" in 1957; apparently the mine did cease to operate sometime between 1951 and 1956. The mine was listed in 1958, no listings were noted following that in the 1958 CMID. It is not known if the mine ceased operations, if the mine was operated but not reported, or if the mine was operated and reported under some other name following 1958.
