

*Reishus Mine*, Township 154, Range 82, Section 33.—This mine, four miles below Minot, is one of the very few outcrops noticed on the east side of the Mouse river. The seam, with a thickness of between two and three feet, lies exposed eight feet above low water on the bank of the Mouse river. Lignite is removed on demand at all times during the year, the total output being considerable. The mine has been in operation about t year.
