Basic Data (excerpted from primary sources):

This mine is not listed as a new mine in 1933, and it may have been in operation prior to that time. The mine was operated and reported continuously from 1934 through 1938, when it is listed as not operating. No listings were noted for this mine following 1938. It is likely that the mine was not operated following 1938; however, it also is possible that the mine was operated but not reported or that it was operated and reported under some other name.

Descriptive information pertaining to this mine is included in:

[source:year(pages)]

None

Notes:

Harrington (1934a, 1936a) indicates that this mine was located at T156N, R85W, Section 12; however, no part section is provided. Therefore, it is not known whether this mine was located at this Planning Unit and AML location (T156N, R85W, Section 12, SW, NE), or if it was situated in some other portion of Section 12.
