Basic Data (excerpted from primary sources):

Wilder (1902) indicates that a Smith and Jones Mine was located at T161N, R88W, Section 29. This mine served a local trade, since it had no railroad connections in 1902. The mine had been in operation for one year in 1902, and it produced from 5 to 30 tons per day during its first summer of operation. No listings were noted for this mine in SEBRs. It is not known if the mine ceased to be operated sometime between 1902 and 1938, or if the mine was operated and not reported following 1908.

Descriptive information pertaining to this mine is included in:
