Name: Owner:

Standard Mine
No data

Category: No data
Type: No data

Thickness

Overburden: Coal Seam: Mined: Source:

No data 11-12 ft. No data Herald:1913

Cultural Resource Site Number: Not formally recorded Basic

Data (excerpted from primary sources):

Herald (1913) indicates that the Standard Mine was located at T154N, R100W, Section 17, Center. The mine had been abandoned by 1913, but Herald (1913) indicates that the vein was from 11 ft. to 12 ft. thick, and that the mine was "laid out on good plan for mining on large scale." No SEBR listings or other information were noted in reference to this mine.

Descriptive information pertaining to this mine is included in:

[source:year(pages)]

Herald:1913(121)

Notes:

Herald (1913) indicates that this mine was located at T154N, R100W, Section 17, Center, which could include a portion of this Planning Unit and AML location (T154N, R100W, Section 17, SW); therefore, this mine has been included with this Planning Unit and AML location.

The Husebye & Ellithorpe, Arctic, and Nelson coal mines also are located at this Planning Unit and AML location.
