Basic Data (excerpted from primary sources):

This mine is not listed as a new mine in 1919, and it may have been in operation prior to that time. The 1921 CMID indicates that this mine had "poor ventilation. This mine was condemned until it complied with the requirements of the law." The mine operated and reported again from 1922 through 1927; the 1927 CMID indicates that this mine was "pumping out." No listings were noted for this mine following 1927 it is not known if the mine ceased to be operated because of the apparent water problems, if it was operated and not reported, or if it was operated and reported under some other name following 1927.
