This mine is listed as a new mine in 1921 and it is listed as a new mine again in 1923; however, Magnusson (1960) reports information about this mine from 1920. Therefore, the actual beginning date of operation for this mine is unknown. The mine was operated and reported continuously from 1923 through 1931. Although the mine is not listed closed or not operating in 1931, no listings were noted following 1931. Therefore, it is not known whether this mine ceased to be operated, if it was operated but not reported, or if it was operated and reported under some other name following 1931.
