Basic Data (excerpted from primary sources):

This mine is not listed as a new mine in 1919; however, the 1921 CMID indicates that this is a "small mine where prospecting is being done," which may indicate that the mine was new in about 1919. The 1923 CMID indicates that this mine had been condemned, and the 1924 CMID indicates that the mine had closed. No listings were noted for the mine until 1928, when the mine is listed as a new mine. This mine was operated and reported from 1928 through 1932; the 1933 and 1934 CMIDs list the mine, but do not provide production figures. No listings were noted for this mine following 1934; it is not known if the mine ceased to be operated, if it was operated but not reported, or if it was operated and reported under some other name following 1934.

Descriptive information pertaining to this mine is included in:

**Notes:**

It should be noted that no locational information was noted about the mine listed from 1919 through 1924; all location information in reference to this mine is dated 1928. Therefore, it is not known definitely that the mine listed from 1919 through 1924 was located at this Planning Unit and AML location.
