Basic Data (excerpted from primary sources):

This mine is not listed as a new mine to 1923, and it may have been in operation prior to that time. The mine reported continuously from 1923 through 1932, in 1933 and 1934 the name of the mine is included in CMID reports; however, no production statistics are provided. In 1935, the mine is listed as not operating, and in 1936, the mine is listed as having a "new operator." The mine reported continuously again from 1937 through 1944, when it is listed as not operating. No further listings were noted for the mine until 1951, and no listings were noted following 1951. It is not known if the mine operated between 1944 and 1951 or whether it remained in operation following 1951 and did not report, or if it was not in operation between 1944 and 1951 and following 1951.
