This mine is listed as a new mine in 1921. The mine is listed continuously from 1921 through 1928, when it is listed as closed, and it is assumed that the mine ceased operations in about 1928; however, it possible that the mine continued to be operated but was not reported or that the mine was operated and reported under some other name.

Descriptive information pertaining to this mine is included in:

Notes:

The WCB map (n.d.) indicates that this mine was located at Section 12, NE; the WCB map (1923) indicates that it was located at Section 12, NE, NW. Therefore, it is not known whether or not this mine actually extended into Section 12, NE, SW; it may only have been operated at Section 12, NE, NW.

The Anderson (possibly aka Vanderson) Coal Mine also may be located at this Planning Unit and AML location.
