This mine is listed as a new mine in the 1923 CMID; however, no production figures are included for the mine in the 1923 CMID. Although a 1924 WCB map was noted for this mine (the map illustrates a tipple and dump track at the mine), no listings were noted in CMIDs following that in the 1923 report. It is not known if the mine ceased to operate following 1923 or 1924, if the mine was operated but not reported following 1923, or if the mine was operated and reported under some other name.
