This mine is listed as a new mine in 1936; it was operated and reported from 1936 through 1943, when it is listed as not operating. No listings were noted following that in the 1943 CMID. Although it is likely that the mine ceased to be operated following 1943, it is possible that the mine was operated but not reported or that the mine was operated and reported under some other name following 1943.
