

WILLIAMS COUNTY

Planning Unit 075: AML Printout #455: T154N, R100W, Section 20, SE

Additional Legal Location: See Notes, below

Name: East Ellithorpe Coal line (1917-1919)
Ellithorpe Coal Co. (1920)

Owner: Hanna Pierson

Category: Commercial/local

Type: Underground, drift, double entries

Overburden:	Coal Seam:	Thickness Mined:	Source:
80-90 ft.	9 ft,	6 ft.	SEBR:1918

Cultural Resource Site Number: 32WI21 (see Notes, below)

Basic Data (excerpted from primary sources):

According to the 1918 SEBR, "this is a new mine in the course of opening." The main entry had been extended 625 ft. by early 1918; however, no rooms had been turned. This mine was operated and reported in 1919 and 1920; however, the 1920 CMID indicates that this mine was "Not in Operation." No listings were noted for this mine following 1920; it is not known if the mine ceased to be operated, if it was operated and not reported, or if it was operated and reported under some other name following 1920.

Descriptive information pertaining to this mine is included in:

[source:year(pages)]

SEBR:1918(170)

SBSND:NDCRS Site Files (32WI21)

Notes:

Various locational discrepancies were noted in reference to this mine:

SEBR (1918): T154N, R100W, Section 20
NDCRS Site 32WI21: T154N, R100W, Section 20, NW, NW, SW, E1/2
NDCRS Site Lead Form: T154N, R100W, Section 20, SE, NW, NE

Only the last of these locations definitely places this mine at this Planning Unit and AML location (T154N, R100W, Section 20, SE). Only one East Ellithorpe mine was noted in SEBR and CMID reports; no information was noted that clarified which of the above locations is correct. Therefore, it is not known if two such mines existed, if the one mine reported was located at more than one place in Section 20, or if one of the above locations is in error.

East Ellithorpe Mine (continued)

The Standard Coal Co. mine also is located at this Planning Unit and AML location.
